Big Valley Ranch

Cat Robertson

540-468-3574

Our goal is to raise our foals to be friendly and respectful, so that they can be your best friend. They are bred to have the mind and conformation to be versatile. Our emphasis has always been on disposition first, and then good legs and feet, and we soon learned that the addition of color adds a spark that our customers love. Our foals are either duns or roans.
